

### Direct Admissions Scheme to the 3<sup>rd</sup> Year of 4-year BSc Programme

for Associate Degree & Higher Diploma Graduates

2020-  
2021

**1** Top notch world  
university in Asia

- **1<sup>st</sup>** among the Universities in  
**Hong Kong** (QS World University Rankings  
2020 & Times Higher Education World University  
Rankings 2019)
- **16%** of professoriate staff  
are the **world's top 1% scholars**  
according to Clarivate Analytics'  
Essential Science Indicators  
in the Faculty 2018

**2**

International  
environment

**3**

Direct entry to  
the 3<sup>rd</sup> year of the  
programme

**4** 14 Science  
Majors to suit  
your interests  
and career  
aspirations

**6**

Diverse  
learning  
experiences

**5**

Granting of  
120 credits of  
advanced standing  
(equivalent to the credits of  
2 years of study)

**7**

Availability of  
Minor option

**8**

Essentially 100%  
employment rate

**The Direct Admissions Scheme is open to students from all recognised institutes. Graduates of the following institutes have been admitted in the past:**

- College of International Education, Hong Kong Baptist University
- Community College of City University
- HKU SPACE Community College
- HKU SPACE Po Leung Kuk Community College

- School of Continuing and Professional Studies, The Chinese University of Hong Kong
- The Hong Kong Polytechnic University Community College (Hong Kong Community College)

## A choice of 14 Science Majors

to suit your interests and career aspirations

-  Biochemistry
-  Biological Sciences
-  Chemistry
-  Decision Analytics
-  Earth System Science
-  Ecology & Biodiversity
-  Environmental Science
-  Food & Nutritional Science
-  Geology
-  Mathematics
-  Molecular Biology & Biotechnology
-  Physics
-  Risk Management
-  Statistics

## LI Ka Man Connie

Higher Diploma in Chemical Technology (2014) from

**Hong Kong Institute of Vocational Education (IVE)**

2016 BSc graduate (Major in Chemistry)

"Here in HKU you can always find opportunities to equip yourself, from academic knowledge to interpersonal skills.

During my study, I have met many great teachers who are not only devoted in frontier research, but also value the cultivation of next generation of scientists. I had the chance to work as an intern under the supervision of a Chemistry professor, through which I have gained valuable skills in both research and communication.

I also went to the summer school of University College London and joined

## LAI Yu Hin Steven

Associate Degree in Statistics and Data Science (2014) from

**Hong Kong Polytechnic University Community College**

2017 BSc graduate (Major in Statistics)

"Among the direct admission offers from local universities, I was most impressed by the 6901 BSc programme. Thanks for the ample learning opportunities that the Faculty offers, I had the chance to go on exchange at the University of Calgary. It was a great experience to study with students from every corner of the globe, exposing myself to foreign culture and people. The exchange study was really eye-opening and full of joy which I will never forget in my life."

## CHAU Ka Yan Kary

Associate Degree in Science (2015) from

**HKU SPACE Community College**

2018 BSc graduate (Major in Biological Sciences and minor in Education)

Kary chose to extend her study to take more education courses to fulfill her career aspirations. "Studying at HKU was a journey, not a destination. I would say my journey here at HKU was a very rewarding one. I did not only receive quality science

education here, but also had flexibility to enrich my studies according to my interest and career aspirations. The Minor I took in Education broadened my horizons beyond my area of specialisation—Biological Sciences, enhancing my understanding of teaching theories and the educational system in Hong Kong. This was truly inspiring and enabled me to develop my interests and strengths."

a service trip to Malaysia. All these diverse learning experiences have not only broadened my horizons, but also trained me to become an all-rounded person for challenges ahead. Studying in HKU is definitely the most unforgettable experience in my life."
