

THE UNIVERSITY OF HONG KONG
FACULTY OF SCIENCE

The lists of approved overseas experiential learning activities supported by the overseas EL funding 2016-17

No.	Department/ School	Title of Overseas EL activity	Course code and course title (if applicable)	Location
1	School of Biological Sciences	Tropical and Temperate Marine Ecology Field Course	BIOL3305 Tropical and temperate marine ecology field course	Northern & Southern Australia
2	School of Biological Sciences	Learning oyster aquaculture techniques and business with hand on training in Penang, Malaysia	BIOL3505 Oyster aquaculture and restoration	Hong Kong and Malaysia
3a	School of Biological Sciences	Ecology & Biodiversity Capstone Overseas Experiential Learning	BIOL4921 Animal behaviour and behavioural ecology: field course	South Africa
3b	School of Biological Sciences	Ecology & Biodiversity Capstone Overseas Experiential Learning	BIOL4451 Cetacean behaviour, ecology and conservation: field research experience	Philippines
4	School of Biological Sciences	Sensory Evaluation Workshop at Shanghai Jiao Tong University	BIOL4912 Sensory Evaluation of Food	Shanghai
5	School of Biological Sciences	Marine Ecology Excursion: Tsitsikamma, South Africa		South Africa
6	Department of Chemistry	International Conference For Young Chemists (ICYC) 2017		Malaysia
7	Department of Earth Sciences	Mining industrial and mineral deposits in mainland China	EASC3412 Earth resources	Mainland
8	Department of Earth Sciences	Integrated Field Studies: Montana, U.S.A	EASC4955 Integrated field studies	U.S.A
9	Department of Earth Sciences	ENVS4955 Environmental Science in Practice, Field trip in Okinawa, Japan	ENVS4955 Environmental science in practice	Japan
10	Department of Mathematics	Joint University Visit and Lecture Series (Mainland)		Mainland
11	Department of Mathematics	Modern Mathematics - International Summer School for Students (Overseas)		Germany
12	Department of Mathematics	Summer School at Yau Mathematical Science Center (YMSC), Tsinghua University (Mainland)		Mainland
13	Department of Mathematics	Summer School in Mathematics at The Institute of Mathematics of Eötvös Loránd University, Budapest (Overseas)		Hungary
14	Department of Physics	Practical Observational Astronomy		Germany
15	Department of Physics	Summer School on Nuclear Physics at RIKEN, Japan		Japan
16	Department of Statistics & Actuarial Science	ENSAI Exchange and Interaction Program		France
17	Department of Statistics & Actuarial Science	STEM+ Leadership Weeks		Mainland
18	Faculty of Science	UBC Summer Course	SCNC2121 Sustainable food production / SCNC2122 Marine life science: a North East Pacific perspective	Canada
