The MSc Programme in Environmental Management has been launched since 1989. There are more than 970 graduates now pursuing successful careers in government departments, environmental consultancies, NGOs and various industries.

The Programme offers:

• A multi-disciplinary coursework programme with most teaching on weekday evening. The programme will involve part-time study for a period of two years or full-time study for one year.

• An integrated overview of the field of environmental management, addressing both the major environmental problems and their social, legal, ecological and economic contexts.

• Course materials focused on Hong Kong, but with a strong international and comparative dimension.

• Courses taught by ecologists, engineers, earth scientists, planners, economists, lawyers, and environmentalists from HKU, as well as local practitioners in the field.

Admission Requirements

A Bachelor's degree with Honours in any field. Work experience is useful but not essential.

Application

Application will be considered immediately until all places are filled. The closing dates for non-local and local applications are April 30, 2018 and June 29, 2018 respectively.

Course details can be downloaded from http://www.biosch.hku.hk/envm/index.html or http://www.scifac.hku.hk/pg/prospective/tpg

Online application can be accessed via http://www.aal.hku.hk/tpg/

Professional Accreditation

This programme is accredited by the Institute of Environmental Management and Assessment (IEMA) http://www.iema.net
