The MSc in Environmental Management has been launched since 1989. There are more than 1,000 graduates now pursuing successful careers in government departments, environmental consultancies, NGOs and various industries.

The Programme offers:

• A multi-disciplinary coursework programme with most teaching on weekday evenings. The programme will involve part-time study for a period of two years or full-time study for one year.

• An integrated overview of the field of environmental management, addressing both the major environmental problems and their social, legal, ecological and economic contexts.

• Course materials focused on Hong Kong, but with a strong international and comparative dimension.

• Courses taught by ecologists, engineers, earth scientists, planners, economists, lawyers, and environmentalists from HKU, as well as local practitioners in the field.

Admission Requirements
A Bachelor's degree with Honours in any field. Work experience is useful but not essential.

Application
Application will be considered immediately until all places are filled. The closing dates for non-local and local applications are April 30, 2019 and June 28, 2019 respectively.

Course details can be downloaded from https://www.biosch.hku.hk/envm/index.html or https://www.scifac.hku.hk/prospective/tpg/about

Online application can be accessed via https://aal.hku.hk/tpg/

Professional Accreditation
This programme is accredited by the Institute of Environmental Management and Assessment (IEMA) https://www.iema.net
