

To: All non-final year Science students

Globalink Research Internship (GRI) in Canada

Under the partnership between HKU and Mitacs, a Canadian national organisation which designs and delivers research and training programmes, students can apply for [Globalink Research Internship \(GRI\)](#) to spend **12 weeks (between May and October, 2025)** in **Canada** on a research project in their area of interest under the supervision of a professor.

Highlights and Benefits of GRI

- Each intern will be offered stipend and allowance in a total amount of around *CAD9,000 for airfare, transportation, accommodation and living expense in Canada, etc.
- An opportunity to take part in professional training (e.g. teamwork, project management, problem solving, communication and entrepreneurship)
- A chance to interact with companies of interest through events or individual meetings
- Extensive opportunities for cultural, social and recreational experiences as well as international exposure
- A gateway to further study and career opportunities in Canada

**Remarks: It is subject to change and the exact amount and breakdown will be indicated on the GRI Award Letter.*

Information on GRI

Eligibility

- Full-time undergraduate students in non-final year (in the academic year of 2024/25)
- Latest CGPA (as of Semester 2, 2023/24) of 3.3 or above
- Completed at least 2 semesters of undergraduate study in HKU when applying to International Affairs Office (IAO)

Application

Interested students should submit the completed application form (attached) to the Faculty Office by **July 31, 2024 (Wednesday)**. **Eligible nominated students will then be invited to apply via an IAO application link. Further instructions will be given by IAO in due course.**

For further details on programme arrangement of GRI, please visit IAO website (<https://intlaffairs.hku.hk/globalink-research-internship>).

For enquiries on submitting the application, please contact Ms Eva Kwok of the Faculty Office at sci.ug.el@hku.hk (email) or 3917 2683 (phone).

Best regards

Prof Thiagarajan Vengatesen (Rajan)
Assistant Dean (Experiential Learning)
Faculty of Science, HKU
