

Department of Chemistry  
Faculty of Science  
The University of Hong Kong

Chemistry Major (96 credits)  
Intensive Chemistry Major (144 credits)

# HKU Chemistry Department (established in 1939)

*Many HKU chemistry graduates are leaders in the society!*

**Professor POON, Chung-Kwong**  
President Emeritus of HK PolyU(1991-2008)

Emeritus College Principal of HKU SPACE Community College;  
Former Dean of Science, HKU

President of the Legislative Council, HKSAR (1997 – 2008)

**Ms LEE, Oi Lin**  
Former Deputy Executive Director of VTC

**Dr POON, Patrick Sun-Cheong**  
Chairman of Harvest SCP Group Company Limited

**Dr LEUNG, Wing Tai**  
President of Lumina College;  
Ministry Advisor of Breakthrough

**Mr CHAN, Wing Luk**  
Financial Commentator

**Dr CHUNG, Margaret Wai Ling**  
Director and Biomedicine Consultant, Amazing Grace Holistic Health Care Center

**Professor CHE, Chi-Ming**  
Zhou Guangzhao Professor in Natural Sciences; Member of the Chinese Academy of Sciences; Foreign Associate of the US National Academy of Sciences

**Professor YAM, Vivian Wing-Wah**  
Philip Wong Wilson Wong Professor in Chemistry and Energy; Member of the Chinese Academy of Sciences; Foreign Associate of the US National Academy of Sciences

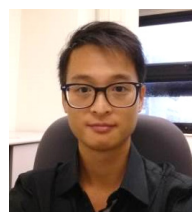

**Dr CHAN WONG, Anissa Lai Kuen**  
Principal of St Paul's Co-educational College (2004 – 2017)

# An Research-active Department

## Research funds:

**Health@InnoHK Programme** - The Laboratory for Synthetic Chemistry and Chemical Biology (~HK\$500 million)  
**Project Leader: Prof. Che-Ming Che**

**AIR@InnoHK Programme** - The Centre of Machine Learning for Energy Materials and Devices (~HK\$500 million)  
**Project Leader: Prof. Guanhua Chen**

**Areas of Excellence (AoE) Programme** - Institute of Molecular Functional Materials (HK\$92M)  
**Project Leader: Prof. V W W Yam**

**Areas of Excellence (AoE) Programme** - Chemical Biology Approach to Molecular Medicine (HK\$83.8M)  
**Project Leader: Prof. D Yang**

..... and many others

# Committed to Providing Quality Teaching and Nurturing Our New Generation

## Undergraduate Studies (BSc Chemistry Major)

Regular Chemistry Major Curriculum  
(96 credits)

Intensive Chemistry Major Curriculum  
(144 credits)

The Royal Society of Chemistry (RSC) in the UK is one of the world's leading chemistry communities and professional associations.

The RSC accreditation is a strong recognition of:

- Very high standards
- Global practice
- Effective development of students

# Chemistry Major (96 credits) / Intensive Chemistry Major (144 credits)

## Introductory Level

- Two Science Foundation Courses (12 credits)
- Disciplinary Core Courses (36 credits for Regular Major; 42 credits for Intensive Major) including General Chemistry I & II, Analytical Chemistry I, Inorganic Chemistry I, Organic Chemistry I, Introductory Physical Chemistry

## Advanced Level

- Disciplinary Core Courses (30 credits for Regular Major; 66 credits for Intensive Major) including Analytical Chemistry II - Chemical Instrumentation, Inorganic Chemistry II, Organic Chemistry II, Organic Chemistry Laboratory, Physical Chemistry – Introduction to Quantum Chemistry
- Disciplinary Electives (12 credits for Regular/Intensive Major) including Medicinal Chemistry, Advanced Materials, Supramolecular Chemistry, Frontiers in Modern Chemical Science, Organometallic Chemistry, Integrated Organic Synthesis, Chemical Biology, Computational Chemistry, Electrochemical Science and Technology, etc.

## Capstone Requirement

**(Regular Major)** Select at least 6 credits from the following courses:

Directed studies in chemistry  
Chemistry literacy and research  
Capstone experience for chemistry undergraduates: HKUtopia  
Chemistry internship  
Chemistry project (12 credits)

**(Intensive Major)** Select 12 credits from the following courses:

Directed studies in chemistry  
Chemistry internship  
Chemistry project (12 credits)

[https://chemistry.hku.hk/current\\_students/undergraduate\\_studies/](https://chemistry.hku.hk/current_students/undergraduate_studies/)

# Diverse Learning Experiences

## Undergraduate Research Experiences

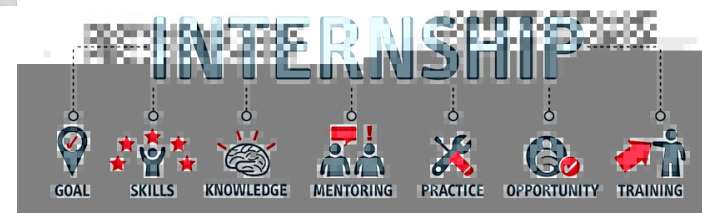

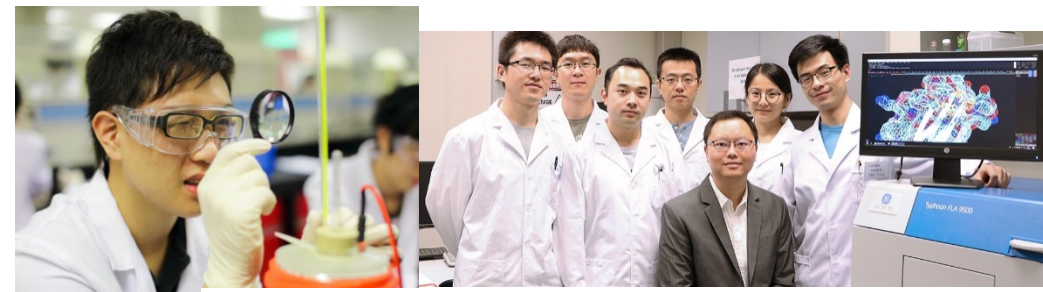

## Exchange Study

[https://chemistry.hku.hk/current\\_students/opportunities/](https://chemistry.hku.hk/current_students/opportunities/)

## Internship

## More Internationalization Opportunities (for Chemistry Students)

At Newcastle University, UK

At Imperial College London, UK

*Studying Chemistry is an excellent way to develop one's intellect*

## Career Prospects for Chemistry Graduates in Different Sectors

### Education Institutions Area

Universities (Assistant Project Officer); Secondary School / College (Graduate Master, Laboratory Technician); HKU Space (Executive Assistant)

### Industrial Sector

Retail field (Management Trainee); Cosmetic field (Marketing Assistant); Pharmaceutical (Medical Representative; Quality Control Chemist); Testing / Commercial Laboratories (Assistant Chemist; Associate Scientist; Chemist Trainee)

### Civil Service Sector

Immigration Department (Immigration Officer); Department of Health (Administrative Assistant); Civil Service Bureau (Executive officer, Official Language officer); Hong Kong Correctional Services (Officer); The Fire Services Department (Ambulance Officer)

### Business Sector

Bank institutions (Management Trainee; Personal Financial Manager Trainee); Accounting Audit (Audit Accountant; Audit Associate); Insurance (Financial Planner Trainee)

### Postgraduate Research Studies

Master of Philosophy (MPhil), Doctor of Philosophy (PhD)

政府化驗所  
Government Laboratory

### Public Services

# Strong Support to Students

## Strong teacher-student interaction

(Chemistry teachers as Course Selection Advisors, Academic Advisors, etc.)

## Strong rapport between students

(Chemistry Society, SS, HKUSU, Student Peer Advisors)

## Some Former/Current Chemistry Student Peer Advisors

Jerry

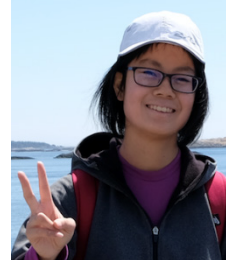

Melanie

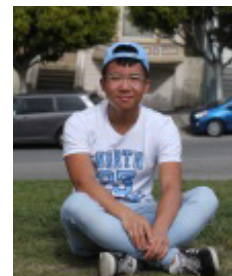

Bonnie

Joson

Rebecca

Jay

Jasmine

Stephanie

Brian
