

Research Intern

Job Description

We are looking for Research Interns to join our Edge AI Research team at TCL AI Lab, Hong Kong. The candidate is expected to work full-time with the Research Scientist and Research Engineers to assist in performing Research/Demos/POC.

The successful candidate will be provided with:

an opportunity to work on a wide array of projects.

Mentorship from industry experts

Competitive salary and project awards.

Requirements:

Hold a B.Sc degree or above with a major in Electrical/Electronics Engineering, Computer Science, Computer Engineering, or a related discipline.

Hands-on experience with Python, PyTorch, and Linux.

Good understanding of Audio Signal Processing, Machine Learning, and Deep Learning.

A track record of original scientific publications and conference contributions would be a plus.
