

Master of Science in the field of

PHYSICS

*Incubating talent pool of well-versed
cadres in physics*

The Programme

- 1-year full-time
- An innovative and well-designed MSc programme that prepares quality physicists for the high-technology workplace
- Provides a flexible yet solid education on theories, techniques and frontier developments in physics, including: ▶ astrophysics ▶ computational physics ▶ condensed matter physics ▶ device and nanophysics ▶ photonics and quantum information
- Strengthens students' background to cope with ever-evolving challenges
- Prepares graduates to pursue another master or doctoral degree in a wide range of science or engineering disciplines

Host

Department of Physics

Admissions Requirements

- A Bachelor's degree or above (equivalent qualification) in a relevant science subject (e.g. physics, astronomy, earth sciences, mathematics) or an engineering discipline
- Prior knowledge in university-level electromagnetism, quantum mechanics and thermodynamics, university-level linear algebra and multi-variable calculus, basic statistics, and some computer programming experience (e.g. coding in C++, Mathematica, Matlab or Python)
- Shall pass a qualifying examination if deemed necessary
- Fulfil the University Entrance Requirements

Application Deadlines

Non-local applicants: 12:00 noon (GMT +8), April 30, 2026
Local applicants: 12:00 noon (GMT +8), June 30, 2026
